DESIGN / PROJECT

COMPOSED ENTRANCE

olegklodt.com

This foyer of a home in Moscow designed by Oleg Klodt and Anna Agapova of Oleg Klodt Architecture, has a soothing symmetry to it. The series of pendant lamps by the Urban Electric Co suspended in the middle, further add to the composed feeling. The design of the lamps, the walnut flooring and the MDF panels on the wall create a classical look. The table is by John Hutton and it's a Baker table lamp. A blue pouff adds a hint of colour.
